Our quick online form for any project. Takes about 3 minutes start to finish.

1. **Tell us who you are**
   Your name and phone are required; email is optional but recommended. We text your proposal — and email it too if we have your address.

2. **Pick your deadline + delivery**
   Choose Normal Timetable for the best price, Need it Fast (pick the date you need it by), or URGENT (within 2 days — call us). Then choose pickup or shipping.

3. **Pick a garment type and style #**
   Tap T-Shirts, Hoodies, Headwear, etc. Type the style number (like PC54) if you know it. If you don't, tap "I Don't Know It" — we'll show S&S Activewear and SanMar catalog links so you can browse.

4. **Colors, sizes, decoration + placement**
   Pick the color and enter sizes + quantities. Choose Printing, Embroidery, or Not Sure, then pick where the design goes (Front / Back / Sleeve). Add multiple styles if needed.

5. **Artwork**
   Per placement, tell us about your art: upload it, use art we already have on file, send it later, Upgrade my file ($40), or Create it for me ($50). Uploads land in your personal Artwork Library for next time.

6. **Review + submit**
   Hit Submit. Your proposal lands by text or email within 1 business day.
